Flex-A-Bed® Hi-Low Adjustable Bed

The **Flex-A-Bed Hi-Low** is the ideal bed for those in home healthcare, or assisted living environments. In fact, no adjustable bed is more convenient than the Hi-Low model. The base can be raised and lowered with a touch of a button – making the Hi-Low model ideal for customers who require additional assistance when entering or exiting the bed. And **Flex-A-Bed** is the answer to the search for a perfect night's sleep. That's because **Flex-A-Bed** adjusts precisely to achieve the perfect sleeping position, enabling your customers to wake rested and refreshed.

- Made in the USA
- The perfect bed height and sleep position for the head and feet are within reach with one, easy to use hand control.
- The Hi-Low model can be easily adjusted from 25 to 31 inches. For customers who require even lower heights, the Hi-Low can be customized to adjust from 23 to 29 inches.
- The Hi-Low model is available in twin, full, and queen, in 80 and 84 inch lengths.

FLEX-A-BED
Your bed for life.

Also Available: Memory Foam, Latex & Innerspring Mattresses
All Firmnesses Available

Flex-A-Bed® Premier Adjustable Bed

Whether you lead a active, healthy lifestyle, or suffer from injury or chronic pain, **Flex-A-Bed** is the answer to a perfect night's sleep. That's because **Flex-A-Bed** adjusts precisely to achieve the perfect sleeping position, enabling anyone to wake rested and refreshed.
